

G18

Fully Automatic Vertical Form, Fill and Seal Packaging Machine

DATA

Production Speed Up to 60 packages per minute*

Package Dimension Minimum 60 x 40 x 80 mm

Package Dimension Maximum 170 x 130 x 550 mm**

(*) output varies with pouch or bag size and product filling characteristics

(**) non-standard

Versatile and Rapid Changeover

The G18 is a vertical form, fill and seal packaging machine able to accommodate an array of package formats including square bottom bags and pillow pouches, along with back fin-seal and CORNERSEAL®.

The G18 series offers the convenience of a simple and quick changeover between sizes. User-friendly PLC-based control allows an easy and smooth operation.

Our North American-based Packaging Equipment Technical Support Team will install and test the G18 and properly train the operators and personnel to ensure optimal equipment performance.

Packaging Applications:

- Coffee
- Food & Beverage
- Pet Food
- Powder & Granular Products

Features:

- VFFS
- Servo Motion Controlled
- Automatic Web Alignment
- Allen-Bradley™ PLC PanelView HMI
- Shaftless Unwinder
- Vacuum Pull Belts
- Other Optional Features Available

Filling Systems:

- Electronic Scales
- Auger Filler
- Combination Scales
- Cup Dosing

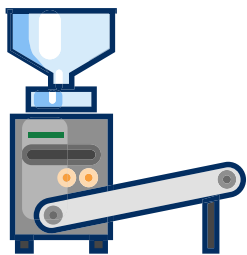

Package Finishing:

- Flat Bottom Bags
- Pillow Pouches
- CORNERSEAL®

Options:

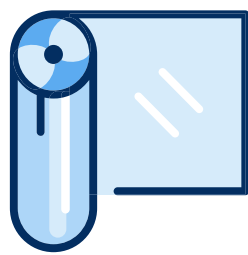

- Fres-co Degassing Valve Applicator
- Thermal Imprinters
- Label Applicators
- Integrated Auxiliary Exit Conveyor
- Zipper Reclosure Applier
- Windows™-Based HMI Interface
